

## Channel Islands Marine Protected Areas Socioeconomic and Biological Monitoring Workshop

March 14-16, 2003

Held at:

Bren School of Environmental Sciences and Management  
University of California, Santa Barbara

### **PROPOSED AGENDA**

#### Meeting Objectives:

- *To review prioritized list of monitoring questions and topics to be addressed at the Channel Islands.*
- *To identify existing monitoring programs and resources as well as gaps.*
- *To suggest methods for public involvement in monitoring programs and ways to keep the public informed of monitoring results.*
- *To develop a preliminary monitoring plan including details of how and when to complete various portions, how to compile data into an easily accessible source, what resource needs exist, and what type of oversight is necessary.*

#### **Friday, March 14**

12:00 - 4:00
